Exercises interspersed with Vocal Music.

EVENING.

1. Vocal Music, - - - - -	7.30
2. Lecture, - - - - -	8.00
3. Miscellaneous.	

RESOLUTIONS.

1. *Resolved*, That we consider the establishment of Teachers' Institutes, in the different Counties of this State, as one of the best means of awakening the public to the important subject of popular Education, and of preparing Teachers to discharge wisely and reputably, the high and responsible duties of their vocation.

2. *Resolved*, That these Institutes, for their efficiency, require the co-operation of Town Superintendents, parents, and the community at large.

3. *Resolved*, That as Teachers, we are encouraged by the late acts of our Legislature in reference to our common school system, and by the rapid advancement of our school enterprise, to put forth renewed and vigorous effort for raising still higher the standard of education in our State; yet we deeply regret that alteration in the law which has dispensed with the office of County Superintendents, regarding their services as peculiarly essential for the promotion of that practical interest in the cause which is desirable.

4. *Resolved*, That the multiplicity of texts books is doing much to injure the character and efficiency of our school system, and demands the first attention of the friends of education, and the adoption of more stringent measures for its immediate correction.

5. *Resolved*, That we regard vocal music as a useful and interesting exercise, and recommend its introduction into all our common schools.

6. *Resolved*, That it is the interest as well as duty of Teachers to aid in the circulation of periodicals devoted to the cause of education.

7. *Resolved*, That we tender our sincere thanks to Mr. ZALMON RICHARDS, and other Teachers and Lecturers, who have given direction and interest to this Institute, for their able and appropriate services.

8. *Resolved*, That we tender our thanks to Mr. A. W. SAWYER, and the proprietors of the School-room we have occupied, and to the citizens of Windsor for their indication of regard in promoting the object of our session.
